

2nd Meeting:

“ICT tools for the psychomotor development”

CINFAES - Portugal from the 13th to the 17th of May 2024

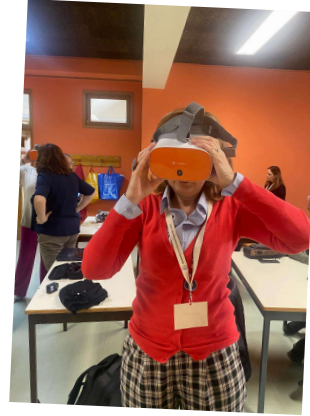

The second mobility program took place in Portugal from the 13th to the 17th of May 2024, at the *General Serpa Pinto School facilities* in Cinfães and involved teachers from the five schools participating in the project, applicant and partner.

Activities

During the first day, Cinfães school presented examples of good practices in the field of Psychomotor Development and the innovative tools adopted to promote inclusion.

The “*Class VR*” *Virtual Reality Glasses* Workshop held on the 14th of May was interesting, in which each teacher experienced the use of visors and virtual reality application software and learn about its potential in relation to the needs of students with special needs and inclusion processes.

During the second Worskhop “ADAPT4YOU” on creating materials in the area of Psychomotor Development, each professor showed the teaching materials used in their school to promote inclusion, comparing innovative strategies and teaching objects for the creation of good practices. The results of a questionnaire administered to teachers and parents were also the subject of a shared reflection on the use of ICT in inclusive teaching and on the misuse of some technological tools.
